Dear Mr. Van Meter,

I appreciate the submission of your Ground Combat Vehicle (GCV) White Paper in response to our request at the GCV Industry Day 1. The time and effort your company took to prepare and submit the White Paper was evident and provided significant insights for the GCV Team.

If for any reason you have questions or comments on the information we have presented at Industry Day 1, please contact our PCO, Greg Donahoe.

Again, thank you for your submission.

Sincerely,

Bryan J. McVeigh
Colonel, Armor
Project Manager, Manned
